MEMORANDUM FOR: [redacted]  
Deputy Director, Foreign Intelligence, DIA

25X1

SUBJECT: An Opportunity [redacted]

25X1

1. This memorandum is for your information and suggests action. [redacted]

2. The NIC just concluded an Off-Site Conference at [redacted] on the issue of collection. Attached is a copy of the agenda. [redacted] and I spent more than half a day engaging the NIC on this issue. I thought it was a productive time--mostly because it illustrated a number of opportunities for the NIC and ICS to work together jointly against some important subjects. An example, different from what you may have heard about so far, is to conduct an Intelligence Community wide seminar on counterintelligence. [redacted]

3. As a result of this NIC Off-Site, I believe there is an opportunity--at least as large as that the NIC is trying to take advantage of--for VP to hold a similar Off-Site Conference on collection. The idea would be to invite your senior managers, as well as any other key DIA or GDIP people. [redacted] and I would be willing to address the session on the same kinds of issues we talked about with the NIC. [redacted]

4. I raised this same idea with Dick Kerr of CIA. [redacted]

5. I hope you find this useful. If I can be of help, please call. [redacted]
